# John A. Ramey II

Ph.D. Candidate, Department of Statistics, Baylor University Waco, Texas, USA

johnramey@gmail.com http://ramhiser.com

### **Personal Statement**

My research interests are primarily in statistics with an emphasis on bioinformatics applications in the areas of statistical pattern recognition, machine learning, modern multivariate analysis, computational statistics, and Bayesian methods.

#### **Education**

Baylor University	Waco, TX
Ph.D. Statistics	May 2012 (Anticipated)
- Adviser: Dean M. Young, Ph.D.	
Baylor University	Waco, TX
M.Sc. Statistics	Dec. 2009
Baylor University	Waco, TX
B.Sc. Mathematics (Minor: Computer Science)	Aug. 2008

### Awards, Grants & Honors

Outstanding Graduate Student - Department of Statistical Science, Baylor University 2011
JSM Stat Bowl - Champion
Outstanding First Year Graduate Student - Department of Statistical Science 2009
Baylor University Dean's Scholarship

#### **Publications**

Ramey, J. A. and Young, P. D., "A Comparison of Regularization Methods Applied to the Linear Discriminant Function with High-Dimensional Microarray Data," *Journal of Statistical Computation and Simulation*. (in press)

Sego, L. H., Shulman, S. A., Anderson, K. K., Wilson, J. E., Pulsipher, B. A., Sieber, W. K., and Ramey, J. A., "A Bayesian Acceptance Sampling Model for Combining Judgmental and Randomly Selected Samples," *Technometrics*. (minor revision)

## **Submitted Publications**

Greer, B., Young, D., Harvill, J., and **Ramey, J.**, "Pseudo-likelihood Intervals for the Ratio of Two Poisson Rates with Data Subject to Under-Reporting," *Computational Statistics and Data Analysis*. (submitted)

## **Publications in Preparation**

- **Ramey, J. A.**, Sego, L. H., and Young, D. M. "Cluster Stability Evaluation of Gene Expression Data via Cluster Omission." To Be Submitted to *Bioinformatics*.
- Ramey, J. A., Sego, L.H., and Young D. M., "A Probabilistic Interpretation of Comembership and Similarity Indices in Clustering Evaluation with Applications to Proteomics." To Be Submitted to *Biometrics*.
- Ramey, J. A. and Young D. M., "Diagonal Discriminant Analysis after Simultaneous Diagonalization of Covariance Matrices with High-Dimensional Microarray Data." To Be Submitted to *IEEE Transactions on Knowledge and Data Engineering*.
- Ramey, J. A. and Young D. M., "On the Choice of Error Rate Estimators for Model Selection with Regularized Discriminant Analysis: Beyond Cross-Validation." To Be Submitted to Computational Statistics and Data Analysis.
- Ramey, J. A., "A Bayesian Perspective of the Information Density Approach to Active Learning." To Be Submitted to *International Conference on Machine Learning*, 2012.
- Ramey, J. A., "activelearning: An R Package for Querying Unlabeled Observations with Active Learning." To Be Submitted to *Journal of Statistical Software*.
- Ramey, J. A., "errorest: An R Package for Error Rate Estimation for Statistical and Machine Learning." To Be Submitted to *R Journal*.
- Ramey, J. A., "Error Rate Estimation via High-Performance Computing and the MapReduce Framework."
- Ramey, J. A. and Young P. D., "On an Adjustment to the Moore-Penrose Inverse for Improved Estimation of a Precision Matrix."

### **Conference Papers**

Ramey, J. A. and Young, D. M. (2010). A More Computationally Efficient Model Selection Method for Regularized Discriminant Analysis, Joint Statistical Meetings Proceedings, Vancouver, BC, Canada.

#### **Invited Talks**

Ramey, J. A. (February 2011). Diagonal Discriminant Analysis after Simultaneous Diagonalization of Covariance Matrices with High-Dimensional Data. Pacific Northwest National Laboratory, Richland, Washington, USA.

#### **Poster Presentations**

Ramey, J. A. and Young, D. M. (August 2010). Efficient Model Selection for Regularized Discriminant Analysis. Joint Statistical Meetings, Vancouver, British Columbia, Canada.

Ramey, J. A. (April 2010). Bayesian Regularized Logistic Regression in High-Dimensional Classification. Instituto Panamericano de Estudios Avanzados en Probabilidad y Estadística: Semana en Métodos de Reducción de Dimensión. Centro de Investigación en Matemáticas, A.C. Guanajuato, Mexico.

### Journal Reviewer

Journal of Statistical Computation and Simulation

## Research Experience

### Pacific Northwest National Laboratory

Richland, WA

Research Associate, National Security Internship Program

June 2011 - Present

- Apply machine learning and multivariate statistical methods to genomic and proteomic data.
- Construct clustering evaluation and validation methods for microarray and proteomic data.
- Employ supervised, semi-supervised, unsupervised, and active learning methods along with semi-supervised clustering with large data sets to incorporate subject-matter expertise for improved performance and understanding of data.

## Statistical and Machine Learning Research Group

Waco, TX

Department of Statistical Science, Baylor University

2009-present

Research Experience for Undergraduates at The Ohio State University Columbus, OH Vertical Integration of Research and Education in Computational Mathematics Summer 2004

- Focused on Number Theory, especially Random Matrix Theory.

## Software Projects (Available at http://github.com/ramey)

activelearning: An R Package for Querying Unlabeled Observations with Active Learning.

classify: A Supervised Classification Benchmarking Framework in R.

diagdiscrim: An R Package for Diagonal Discriminant Analysis Models.

errorest: An R Package for Error Rate Estimation for Statistical and Machine Learning.

regdiscrim: An R Package for Covariance Matrix Regularization in Discriminant Analysis.

## **Professional Membership**

Student Member - Association for Computing Machinery

2011-present

Student Member – Institute of Electrical and Electronics Engineers

2011-present

Founder - R Users Group

Waco, TX

Department of Statistical Science, Baylor University

2010-present

Student Member - American Statistical Association

2008-present

## **Teaching Experience**

### Elementary Statistics

Baylor University

Teacher of Record

Aug. 2009 - May 2011

- Taught this freshman level course in the Statistics Department.
- Developed homework, quizzes and exams for the class.
- Attended weekly meetings to enhance and improve teaching skills and techniques.

### Statistics Department Tutoring Lab

Baylor University

Graduate Teaching Assistant

Aug. 2008 - May 2011

- Provided one-on-one and group tutoring to students in undergraduate statistics courses.

### Statistics for Psychology Majors

Baylor University

 $Graduate\ Teaching\ Assistant$ 

Aug. 2008 - Jul. 2009

- Supplemental instruction.
- Led weekly course seminars.

### Other Professional Experience

### Candidate Resources, Inc.

Grand Prairie, TX

Senior Web Programmer

Jan. 2007 - Nov. 2007

#### Skills

### **Programming and Markup Languages**

- Skilled: R
- Proficient: LATEX, Linux, Python, SQL, WinBUGS
- Experienced: ASP.NET, Classic ASP, C#, C++, Java, Mathematica, MATLAB, PHP

### Miscellaneous

#### **United States Soccer Federation**

Referee 1995 - present
